

Volvo Construction Equipment

SPECIAL APPLICATION SOLUTIONS

A passion for performance

At Volvo Construction Equipment, we're not just coming along for the ride. Developing products and services that raise productivity – we are confident we can lower costs and increase profits for industry experts. Part of the Volvo Group, we are passionate about innovative solutions to help you work smarter – not harder.

Helping you to do more

Doing more with less is a trademark of Volvo Construction Equipment. High productivity has long been married to low energy consumption, ease of use and durability. When it comes to lowering life-cycle costs, Volvo is in a class of its own.

Designed to fit your needs

There is a lot riding on creating solutions that are suited to the particular needs of different industry applications. Innovation often involves high technology – but it doesn't always have to. Some of our best ideas have been simple, based on a clear and deep understanding of our customers' working lives.

You learn a lot in 180 years

Over the years, Volvo has advanced solutions that have revolutionized the use of construction equipment. No other name speaks Safety louder than Volvo. Protecting operators, those around them and minimizing our environmental impact are traditional values that continue to shape our product design philosophy.

We're on your side

We back the Volvo brand with the best people. Volvo is truly a global enterprise, one that is on standby to support customers quickly and efficiently – wherever they are.

We have a passion for performance.

HAVE IT YOUR WAY

Volvo Construction Equipment offers you the opportunity to utilize the strong and durable products of our proven construction equipment along with other high quality components such as the cab, boom, or chassis. The combined skills of Volvo dealers, Volvo Construction Equipment and the partner network will produce solutions that provide you with a competitive advantage in today's global marketplace. When standard products are not a suitable solution, talk to your local Volvo dealer and realize a machine made to meet your individual requirements.

Infinite possibilities

At Volvo Construction Equipment we help our customers raise their productivity by developing innovative concepts that help you to work efficiently. We pride ourselves on creating solutions that are suited to the particular needs of different industry applications. That's why through the Volvo dealer network and in collaboration with qualified partner organizations, we give customers the chance to modify our proven Volvo machine concept to create a machine that meets your specific needs.

Volvo authorized partners network

Expect the best from the Volvo-authorized partner network. Every one of our partners are hand-picked based on key factors to ensure long-term customer satisfaction: engineering and production capabilities, quality standards, delivery time, financial sustainability and aftermarket support.

Collaboration

Through collaboration, Volvo dealers will identify and manage your business needs and develop your ideal special application solution between Volvo Construction Equipment and a selected, expert partner.

Engineering support

Volvo provides approved partners access to the company's Body Builder Instructions (BBI). The web-based guidelines are written by Volvo technicians to explain how to complete machines. Additional, direct support is also provided.

Volvo dealer network

Volvo's unique, global dealer support network is ready to provide you with an Volvo equipment-based, special application solution that is supported by Volvo and its global partner network. Your local Volvo dealer will work with you to create a custom made end product using a partially complete Volvo machine and integrated specialist technology from a qualified partner.

SOLUTIONS, SORTED

We're committed to providing you with the very best solution to suit your needs. Through collaboration with Volvo authorized partners, we've expanded our scope of solutions. Just take a look at some of the many we've produced.
